RISE

UP

#MILLETRISEUP

Since 1921, when Hermance and Marc Millet founded the company in Annecy, our brand has always been a source of inspiration and innovation for mountain lovers.

We continuously look to the future and share our passion, allowing everyone to live their dreams in the mountains.

Like the ascent of Annapurna, the first '8000m' climbed in 1950 by Louis Lachenal, Reinhold Messner's first ascent of Everest without oxygen in 1979, Christophe Profit's Alpine Trilogy in 1987, or recently Charles Dubouloz's first winter ascent of the 'Rolling Stones' route in the Grandes Jorasses, Millet is above all a relationship between a mountain, a rope party, and specially adapted products.

We are constantly adapting to an environment that is changing (too) rapidly, striving for a neutral impact. Our offer is continuously diversifying and reinventing itself to enjoy and respect the great outdoors.

We strive to design products that are durable, versatile, and trusted.

For four generations, we have been upholding the family values of humility, passion, excellence, and curiosity.

Romain Millet
General director

Depuis 1921, et la création de l'entreprise à Annecy par Hermance et Marc Millet, notre marque a toujours été une source d'émotion et d'innovation pour les amoureux de la montagne.

Nous imaginons jour après jour le futur, et partageons constamment notre passion pour permettre à chacun de vivre des rêves en montagne.

À l'image de l'ascension de l'Annapurna, premier « 8000m » gravi en 1950 par Louis Lachenal, de la première ascension de l'Everest sans apport d'oxygène de Reinhold Messner en 1979, de la Trilogie Alpine de Christophe Profit en 1987 ou récemment de la première hivernale de la voie « Rolling Stones » des Grandes Jorasses par Charles Dubouloz, Millet est avant tout une relation entre une montagne, une cordée et des produits adaptés.

Nous nous adaptons de façon permanente à un environnement en (trop) rapide évolution, en tendant à la neutralité de notre impact. Nous adoptons également notre offre à des pratiques qui se diversifient et se réinventent perpétuellement pour profiter avec respect de nos territoires naturels.

Nous veillons à concevoir des produits durables, polyvalents et de confiance.

Enfin, nous perpéтуons depuis quatre générations les valeurs familiales d'humilité, de passion, d'excellence et de curiosité.

OUR COMMITMENTS

To begin with, there is always the attraction... An irresistible urge to rise up, leaving everything behind to look summits in the eye, tackle a new route, or discover fresh horizons. Sooner or later, this call of the mountains echoes in the ears of its athletes. It's in their nature. And it's Millet's *raison d'être*!

Our brand and our vertical community share the mutual commitment of a tightly-roped team that has been continuing its ascent for more than 100 years. The guides, athletes and ambassadors we equip take our products to the four corners of the earth and test them in the severe conditions of their discipline, with the aim of reaching summits and stretching their limits. Like them, we constantly target excellence, and we are driven by the urge to innovate and to deliver the best, without compromise.

By creating transgressive new concepts, selecting revolutionary materials, and applying a modern vision of sporting disciplines, our Research & Development Department rolls back the frontiers of design to provide sportspeople with garments that are more lightweight, technical, breathable and comfortable.

Lastly, because the mountains around us are fragile playgrounds that we must protect with absoluteness, we make a daily commitment to reducing our environmental footprint. Conscious of the impact our business has on the environment, we strive to develop durable products that are environmentally-friendly, as highlighted by our 'Rising Change' CRS strategy.

These guiding principles are our bedrock, underpinning the values we have proudly championed each day for over 100 years.

OUR COMMITMENT TO RISE UP IS WHAT WE SHARE WITH YOU!

RISE UP

Au départ, il y a toujours cette attirance... Une irrésistible envie de s'élever qui pousse à tout quitter pour tutoyer les sommets, défier une nouvelle voie ou découvrir de nouveaux horizons. C'est l'appel de la montagne qui résonne tôt ou tard à l'oreille des pratiquants. C'est leur nature et... C'est la raison d'être de Millet !

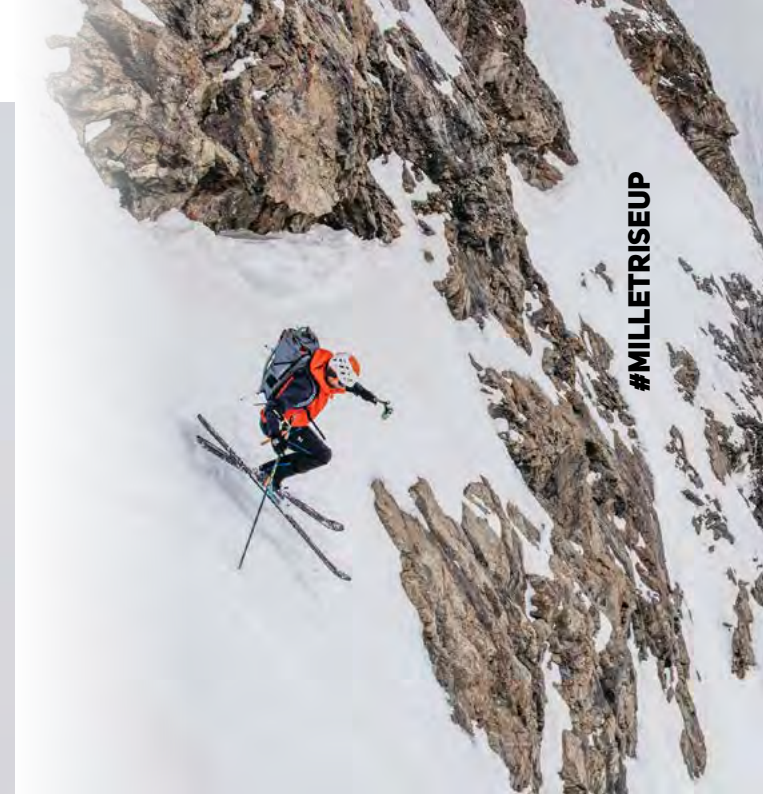

Notre marque et la communauté verticale partagent un engagement réciproque, de cordée soudée qui poursuit son ascension depuis déjà plus de 100 ans. Les guides, athlètes, ambassadeurs que nous équipons, portent aux quatre coins du monde nos produits et les éprouvent dans les conditions sévères de leur pratique avec l'ambition d'atteindre les sommets et de dépasser leurs limites. Comme eux, nous visons en permanence l'excellence et nous sommes portés par la volonté d'innover et d'offrir le meilleur, sans faire de compromis.

Par la création de nouveaux concepts transgressifs, la sélection de matières révolutionnaires et la vision moderne des pratiques, notre département Recherche et Développement repousse les frontières de la création pour apporter plus de légèreté, de technicité, de respirabilité et de confort d'utilisation au sportif.

Enfin, car les montagnes qui nous entourent sont de fragiles terrains de jeu qu'il nous faut absolument préserver, nous nous engageons au quotidien pour réduire notre empreinte écologique. Conscients de l'impact de nos activités, nous travaillons sur le développement de produits durables et respectueux de leur environnement au travers de notre stratégie RSE «Rising Change».

Ces lignes directrices sont le fondement de ce que nous sommes et des valeurs que nous portons fièrement chaque jour, depuis maintenant plus de 100 ans.

C'EST NOTRE ENGAGEMENT RISE UP QUE NOUS PARTAGEONS AVEC VOUS!

SEGMENTATION**

**MOUNTAIN EXPERT
MOUNTAIN SPORTS
MOUNTAIN HERITAGE**

Our mission is to cater to all categories of mountain lovers, reliably and sustainably, providing high performance products to help them achieve their goals, regardless of their performance level. To better serve them, we have implemented this segmentation:

**MOUNTAIN EXPERT
MOUNTAIN SPORTS
MOUNTAIN HERITAGE**

This segmentation defines a clear design language, and structures our product offer as well as our sales and distribution strategy.

Notre mission est de répondre d'une manière durable aux besoins de tous les amoureux de la montagne, en leur offrant des produits hautement performants pour qu'ils puissent atteindre leurs objectifs, et se dépasser à tous niveaux. Afin de mieux les servir, à partir de 2023, nous implémentons cette segmentation :

**MOUNTAIN EXPERT
MOUNTAIN SPORTS
MOUNTAIN HERITAGE**

Ceci servira à à établir un langage de conception clair et mieux structurer notre offre produit ainsi que notre stratégie de vente et de distribution.

Challenged up to the highest summits, and in the most extreme conditions that alpinists can face, the products in the MOUNTAIN EXPERT collection are the acme of Millet brand knowhow. Developed and tested in the heart of the Alps, this range is the brand's finest technical and innovative response to the extreme commitment our athletes display. Like them, we constantly roll back our limits to reach for the highest level of performance.

Mis à l'épreuve dans les plus hautes montagnes et affrontant les conditions les plus extrêmes que les alpinistes puissent rencontrer, les produits de la gamme MOUNTAIN EXPERT sont la quintessence du savoir-faire Millet. Développée et testée au coeur des Alpes, cette gamme est notre réponse la plus technique et innovante pour satisfaire les besoins d'engagement absolu de nos athlètes. Comme eux, nous repoussons constamment nos limites pour atteindre le plus haut niveau de performance.

MOUNTAIN SPORTS

MOUNTAIN HERITAGE

From ski touring to trail running sessions; From outdoor climbing and traditional mountaineering to year-round versatility across multiple mountain sports. Whatever the terrain, our MOUNTAIN SPORTS products offer the benefits of a seriously multipurpose profile in the quest for absolute comfort, performance, durability and versatility.

Des virées en ski de randonnée aux sorties en trail running à la journée; De l'escalade en falaise à l'alpinisme hivernal en passant par les autres sports de montagne se pratiquant toute l'année; Quel que soit le terrain, la gamme MOUNTAIN SPORTS est pensée pour tous les pratiquants de sports outdoor qui recherchent des produits techniques, durables, fonctionnels et polyvalents.

For over 100 years, MILLET has been constantly innovating to come up with the best solutions for all mountain lovers. Of French history and expertise, located in Annecy, in the heart of the French Alps, Chamonix in its backyard as a playground, makes for an ideal testing ground. MILLET is proud of its history and historic open mind to innovation. Proactively committed to eco-friendly practices, MILLET redesigns its best sellers in MOUNTAIN HERITAGE.

Depuis 100 ans, MILLET n'a eu de cesse d'innover et d'apporter des réponses pertinentes aux pratiquants de montagne. Un savoir-faire français, une histoire française, à Annecy au cœur des Alpes, avec Chamonix comme terrain de jeux et de tests produits. Fier de son héritage, avec un esprit unique de partage et d'écoute et avec toujours la même volonté d'innovation, MILLET s'engage aujourd'hui dans une démarche volontaire éco-responsable et réinvente ses best-sellers à travers la collection MOUNTAIN HERITAGE.

OUR COMMITMENTS

ROADMAP TO 2030

To contribute to slowing down the effects of climate change, it is our responsibility to accelerate our transformation. We have initiated the process to turn into a regenerative company long ago.

Focusing on the future.

Our vision is that of a company which takes care in minimizing the negative impacts of its activities on society and the planet, all the while maximizing a positive contribution. To carry out this vision, we have defined a mission that extends into 6 pillars, laying the groundwork for this regenerative company to operate effectively in 2030.

CHIFFRES CLÉS

81% of our environmental impact comes from products manufacturing and raw materials.

96% of the materials we use are Oeko-Tex® ou Bluesign® certified.

81% of our water-repellent fabrics are PFC-free.

74% of our products are manufactured in factories that are audited against corporate social responsibility and environmental principles and standards.

100% of the fabrics developed by our team are tested in our own lab to guarantee flawless durability.

NOTRE FEUILLE DE ROUTE 2030

Pour contribuer à enrayer la progression du réchauffement climatique, il est de notre devoir d'accélérer notre transformation. Nous avons ainsi entamé cette démarche, il y a bien longtemps, dans le but de devenir une entreprise régénérative.

Nous voulons regarder vers l'avenir.

Notre vision est celle d'une entreprise qui minimise ses impacts négatifs tout en maximisant sa contribution positive pour la société et la planète. Pour atteindre cette vision, nous avons défini une mission qui s'incarne dans 6 piliers, qui seront nos jalons sur le chemin de l'entreprise régénérative jusqu'en 2030.

CHIFFRES CLÉS

81% de notre impact sur le climat provient de notre fabrication de produits finis et de nos matières premières.

96% de nos matières sont certifiées Oeko-tex® ou Bluesign®.

81% de nos matières avec traitements de déperlance sont sans substances perfluorées (PFC).

74% de nos produits sont réalisés dans des usines auditées sur leurs pratiques sociales et environnementales.

100% des matières développées par nos soins sont testées dans notre laboratoire. interne pour garantir une durabilité sans faille.

NOS 6 PILIERS

1- PRODUITS CIRCULAIRES

2- RESSOURCES RENOUVELABLES

3- CHAÎNE DE PRODUCTION RESPONSABLE

4- L'HUMAIN AU CŒUR DE NOS ACTIVITÉS

5- "CLIMATE LOVERS"

6- GIVE BACK

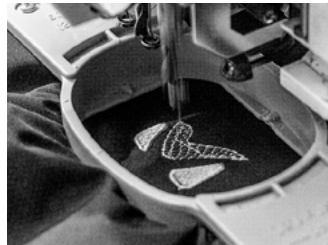

1- CIRCULAR PRODUCTS

We find meaning in manufacturing only the best, most durable and low-impact products minimizing the impact of production on the environment and mankind, to pursue our favorite outdoor activities

1- PRODUITS CIRCULAIRES

Notre raison d'être est de fabriquer les meilleurs produits, les plus durables et les moins impactants sur l'environnement et les Hommes pour aller pratiquer nos activités favorites en montagne.

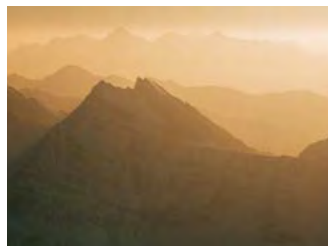

3- SAFE SUPPLY CHAIN

We have the responsibility to take care of all parties involved in our supply chain.

3- CHAÎNE DE PRODUCTION RESPONSABLE

Nous avons la responsabilité de prendre soin de l'ensemble des parties prenantes qui composent notre chaîne de production.

5- "CLIMATE LOVERS"

We enjoy our climate! That's why we have to get in line with the Paris Agreement and reduce our greenhouse gas emissions to get to net zero emissions in 2030.

5- "CLIMATE LOVERS"

Nous aimons notre climat ! C'est pour cela que nous devons nous aligner sur les engagements de l'Accord de Paris et réduire nos émissions de gaz à effets de serre pour participer au net zéro mondial en 2030 .

2- RENEWABLE RESSOURCES

The key to minimize our impact on the environment is to take a moderate approach and use fewer resources.

2- RESSOURCES RENOUVELABLES

Pour devenir plus sobres et minimiser notre impact sur le climat, nous devons réduire l'utilisation de nos ressources.

4- PEOPLE & WORKPLACE

The comfort, well-being, sense of security, and quality of life of our people are the foundations of our commitment. If it weren't for them, we would not exist.

4- L'HUMAIN AU CŒUR DE NOS ACTIVITÉS

Le confort, le bien-être, la sécurité et la qualité de vie de nos collaborateurs sont la pierre angulaire de notre engagement. Sans eux nous ne serions rien.

6- GIVE BACK

Helping to reconnect communities and nature can have a positive impact on our playgrounds and on society.

6- GIVE BACK

En reconnectant nos communautés à la nature, nous pouvons avoir un impact positif sur nos terrains de jeux et sur la société.

NEVER OUT OF STOCK

A product should meet the needs of the consumer. Then, this product should be engineered with its complete lifecycle in mind, to carry sustainability and ethics, and to create a closed-loop system.

Un produit ne doit exister que pour répondre aux besoins d'un pratiquant. Mais il est essentiel que ce produit soit suivi tout au long de son cycle de vie pour le rendre plus durable, plus vertueux et tendre vers la circularité.
